PRINTING!

Every description of Book and Job Printing done at short notice at the Office of THE CITIZEN.

NOTES ABOUT TOWN.

—Rev. H. B. Frissell is in Bloomfield at present.

—Miss Annie Morris and Miss Georgie Oakes are visiting Mrs. Shipman in Easton.

—Sunday, June 13, will be observed as "Children's Day" at Park M. E. church.

—S. L. Hubbell and family are spending a week at Ocean Beach.

—Dr. Kennedy occupied the pulpit of Westminster church last Sunday morning.

—Rev. T. T. Everett, D. D., private Secretary to the Governor of Penn., will preach at the Park M. E. church next Sunday.

—The Pierson Post Fife and Drum Corps gave a largely attended and pleasant reception and ball in Spragg's pavilion Monday evening.

—Mr. Darwin is erecting two new houses on Hillside avenue and has contracted for the building of one on Woodland avenue.

—Mr. Harry Darwin who has been confined to the house by sickness for some time past, is now around again.

—Any one who wants a new apron cheap should attend the festival on June 8th, at Library Hall.

—The taking of the census of the school children in Bloomfield township has just been completed and the total number returned is 1,921, an increase of seventy-five over last year.

—The strawberry and cream festival at the Park M. E. church, Monday evening was so successful that the ladies decided to continue it Tuesday evening. Although not as large as on the previous evening the attendance was good and a good sum was realized.

—The Young People's Association of the German Presbyterian church will give a fair and festival in Spragg's Hall, Bloomfield, on the 9th and 10th inst.

—Everybody in Bloomfield should attend the meeting of the Village Improvement Association next Wednesday evening. See notice in another column.

From sidewalks which become brooks when it rains and cross-walks which lie three inches under the dirt let some good souls deliver us, be they in the town committee or out of it.

—The season of cholera and its near relatives is approaching. The cellar, the well and the cesspools should have the attention they deserve and rarely receive.

—The owner of the sign which spells provisions with "ss" in the middle of it, thinks that inasmuch as signs are for the purpose of attracting attention this one is the best of the lot. Well, well, truly we live in an age of novelty.

—The ladies in charge of the Fancy Table at the coming Westminster Fair, take pleasure in announcing that they have succeeded in securing a large and attractive assortment of articles for their department. They hope to have their efforts rewarded by the hearty patronage of the public.

—A German was given at the home of Mr. George Puffer, on Ridgewood avenue, on the evening of Decoration Day, a number of guests from out of town were present, and the evening was thoroughly enjoyed by all who were there.

—A game of base ball between the married and unmarried members of the Glen Ridge Club was projected for the morning of Decoration Day and seemed to meet with general favor until it became known that a hard ball was to be used and then the number of prior engagements among the members of the Club would have astonished any one who did not know what busy men they all were.

—The Prohibition Convention at Newark last week declared officially that "all men who vote for parties which will not declare for prohibition where there is a prohibition party do make themselves ac-

sembly has openly allied itself with the rumrunner. Someone seems to have blundered.

—At a meeting of one of our town organizations a few nights ago, two members tried to out-talk and out-vote more than a score of opponents. Some time before breakfast the question came to a vote, and two men went home fully persuaded that they belonged to a very pig-headed organization. The views of the majority have not been ascertained. However the views of men who have been kept up all night, if accurately expressed, do not look well in print.

—Mr. Dailey has treated the elms of Mr. Stout for the prevention of an inroad or rather an uproad of the destructive elm beetle. Several other gentlemen have given orders to treat their trees in like manner. The preservation of a tree will cost but a few cents; the loss of it will cause a loss of money value of many dollars, to say nothing of other losses not to be computed in value. The penny wise and pound foolish will now have a golden opportunity to advertise themselves.

—The Bloomfield Fire Association held its annual meeting a few evenings since. The Association has not been active of late, and, as there were prospects of its dissolution, a resolution was offered transferring all the property formerly belonging to Essex Hook and Ladder Company and which had been transferred to the Fire Association, back to the Essex Truck Company. This met with a lively opposition from the members of the other fire companies, various arguments being advanced against it. The Essex Company members claimed that they had raised the money themselves, purchased their apparatus and other property, and as the other companies held their property in their own name the Essex Company had the same right. The resolution was finally carried. The officers elected were: President, G. T. Moore; Vice-President, Charles McDowell; Treasurer, Wm. Chambers; Secretary, J. B. Reford; Trustees, McDowell, Sheriff and Spencer.

—A very creditable parade was made by G. A. R. Posts of Bloomfield and Montclair, and the fire companies of the former place in Bloomfield Monday morning. Line was formed at 10 o'clock on Bloomfield Avenue in the following order: J. M. Wheeler Post, No. 94, of Montclair, and Montclair brass band, Wm. H. Corby, Commander; Franz Seigel Company, No. 12, U. G. S. B.; Essex Hook and Ladder Company, with truck drawn by horses; Phoenix Hose Company; Active Hose Company; Excelsior Hose Company and William S. Pierson Post, No. 58, with fife and drum corps, D. W. Gregory, Commander. The hose carts of the different companies were all handsomely decorated with flowers. The procession paraded through the principal streets of Bloomfield, being greeted all along the line by crowds of citizens and residents from the surrounding country. After the parade the companies were photographed, and Pierson Post and Essex Truck Company proceeded to the cemetery to decorate the graves of their deceased comrades.

—The strawberry and cream festival at the Park M. E. church, Monday evening was so successful that the ladies decided to continue it Tuesday evening. Although not as large as on the previous evening the attendance was good and a good sum was realized.

—The Young People's Association of the German Presbyterian church will give a fair and festival in Spragg's Hall, Bloomfield, on the 9th and 10th inst.

—Everybody in Bloomfield should attend the meeting of the Village Improvement Association next Wednesday evening. See notice in another column.

From sidewalks which become brooks when it rains and cross-walks which lie three inches under the dirt let some good souls deliver us, be they in the town committee or out of it.

—The season of cholera and its near relatives is approaching. The cellar, the well and the cesspools should have the attention they deserve and rarely receive.

—The owner of the sign which spells provisions with "ss" in the middle of it, thinks that inasmuch as signs are for the purpose of attracting attention this one is the best of the lot. Well, well, truly we live in an age of novelty.

—The ladies in charge of the Fancy Table at the coming Westminster Fair, take pleasure in announcing that they have succeeded in securing a large and attractive assortment of articles for their department. They hope to have their efforts rewarded by the hearty patronage of the public.

—A German was given at the home of Mr. George Puffer, on Ridgewood avenue, on the evening of Decoration Day, a number of guests from out of town were present, and the evening was thoroughly enjoyed by all who were there.

—The Prohibition Convention at Newark last week declared officially that "all men who vote for parties which will not declare for prohibition where there is a prohibition party do make themselves ac-

fect of sidewalk on Woodland avenue, 150 feet on Hillside avenue and about 300 feet on the Old Road were received and referred to the Sidewalk Committee.

The trees about the Park are to be protected from the elm-beetle by bands of straw painted two or three times during the season with printer's ink.

Arrangements were made for the survey of roads to be laid with stone pavements, the grades to be decided upon at a future meeting. The punishment of tramps continues, and it is hoped soon to be rid of the nuisance entirely.

The Village Improvement Association.

The Committee appointed by the Association to make arrangements for a public meeting, give notice that the meeting will be held in Dodd's Hall on Wednesday evening next (June 9th), at 8 o'clock; at which time a report of the Association will be given.

The Committee congratulate themselves and the Association on having secured the attendance of Mr. Charles F. Wingate, of New York, whose broad experience as Sanitary Engineer and Inspector is so well known throughout this country. Whether Mr. Wingate tells us "How to Make Home Beautiful and Healthful", or how to produce the same effect on our village; or if he takes some kindred topic, he cannot fail to interest and instruct us in the line of the Association's work.

The public are cordially and earnestly invited to attend.

Charles M. Davis.
Committee.
G. Lee Stout.
Edward Gardner.

Cinderella.

The charming story of Cinderella, so dear to all children, has been dramatized, and will be acted at the Strawberry and Ice Cream Festival to be given on June 8th, at Library Hall, by the ladies of the Westminster Presbyterian Church. The performance will be at four o'clock in the afternoon, and eight o'clock in the evening. The afternoon performance being given to afford opportunity to the little people of the town to attend. Every one should see this play, if it may be so called, and especially all the children should come. The realities of life are so continually before all, that old and young are apt to forget its fancies, and a pleasant reminder like this will do every one good, take them out of themselves and give them a glimpse into the realm of unrealities. The cast is entirely composed of the little ones of the church and their acting will lend an additional charm to the story. The cast is given below in full.

Cinderella, Nellie Graft; Prince, Kenneth Duffield; King, Henry Bancroft; Queen, Helen Newton; Cinderella's sisters, Virginia Harrison, Clara Sutton; Fairy Godmother, Helen Dodd; Court Ladies, Flossie Brewer, Florence Nash; Courtiers, Howard Thomas, Eddie Mitchell, Roger Dodd, Arthur Russell, Eddie Karns; Jester, George Cook.

The Late Frederick B. White.

At a meeting of the Governing Committee of the Glen Ridge Club the following resolutions were adopted:

Resolved, That we recognize the loss which this Club has sustained in the death of Frederick B. White, one of its original members. His personal qualities had endeared him to many. His character had gained for him universal respect. His brilliant talents, manifested at the age of twenty-five in a professional achievement already surprisingly large, gave promise of a distinguished career.

Resolved, That in behalf of the Club, this expression of sorrow and sympathy be communicated to the family of Mr. White, and that the same be entered upon our minutes.

County and State Notes.

EAST ORANGE.
Melancthon Higbie, a seventeen-year-old son of Mr. Wm. L. Higbie, of Steuben street, died at 7 o'clock Tuesday evening from the effects of a fall from his bicycle. On Decoration Day morning he was out on his bicycle to see the parade, and while racing with a companion on William street, near Mulberry, he took a header, landing squarely upon his head. He was picked up unconscious and taken to his home, and was found to be suffering from concussion of the brain. The young man was well-known in East Orange.

Governor Abbott and his staff were entertained by the Orange Club Monday evening at its handsome club house in Prospect street, East Orange. The guests were received by the President, S. S. Morris, formerly of this city, and the members of the club and other guests were in turn presented by the Reception Committee, consisting of J. L. Blake, W. H. Potter, G. E. Zippel, L. A. Chandler and E. A. Morris. In the billiard room, from which the tables had been removed, refreshments were served. Among those present were Major-General J. W. Plume and Staff, Brigadier-General D. S. Steele and Staff, Mayor George H. Hartford, Mayor E. H. Snyder and Staff, Commander George Lethbridge and Aids, Senator

al Newarkers. At the close brief speeches were made by Vice-President Kidder, Dr. Simpson, Adjutant Fine and other gentlemen. The grounds were handsomely illuminated with Chinese lanterns.

FRANKLIN.
The Franklin Township Committee has instructed the Township Clerk to post notices in five of the most conspicuous places of the township, that all dogs found running at large would be shot. Several valuable dogs were bitten recently by a dog that came from Belleville, and the majority of them have shown signs of rabies. A number of dogs have been killed.

BELLEVILLE.
Freeholder Kule has been chosen Chairman of the joint committee on the Belleville Bridge.

The City of Camden has awarded a refunding loan of \$40,000 thirty year four per cent bonds at 103.27.

The Seventh Spring Exhibition of the Moorestown Agricultural and Industrial Society will be held June 8th and 9th.

North Asbury will forward a petition to the railroad officials, asking that one train each way, at least, be allowed to stop on the Sabbath.

Among the honored members of the Sophomore class of Yale College are: John F. Carter, Amos Stagg, George M. Gill and Fred P. Solley, all of Orange.

All of the silk mills at Union Hill and West Hoboken have resumed running as usual, the strikers having accepted the terms of their employers. The mill proprietors decided to receive into their employ all of the old employees who are not Socialists.

Attorney-General John P. Stockton authorizes a denial of a story that he said he would accept the New Jersey Democratic gubernatorial nomination if it should be unanimous. He says he does not want the nomination, and would not accept it under any circumstances.

The House commerce committee has reported favorably, without amendment, the Senate bill authorizing the construction of a bridge across the Arthur Kill. The report was unanimously made, and it is expected that the bill will be passed, either before adjournment or early in the next session of Congress.

During the thunder shower Sunday evening the station of the Lehigh and Hudson and New York, Susquehanna and Western Railroads at Hamburg was struck by lightning, set on fire and entirely consumed. The building was a large structure, erected to the building by the telegraph wires. Lightning also struck four large ice-houses at Dundee, a few miles from Paterson, on Saturday night, and did damage to the amount of from \$5,000 to \$6,000.

The Rev. John Scarlett, East Orange, N. J., writes: "My wife has been cured of Erysipelas of the leg standing by Palmer's 'Skin-Success.' One acquaintance who had Barber's Itch, and a number of others who suffered from different skin diseases, have also been perfectly cured by its use."
